Introduction to R for Data Management and Analysis

Marcel Ramos, MPH

Thursday, June 16, 2016

Announcements

- Error in Quiz 3
- 1 more class left

Notes on Tuesday's lecture

- Interactivity
- Plotting Odds Ratios
  - Base graphics
  - ggplot2

Today's lecture topics

- Repetitive code
- `for` loops
- Functions
- Functionals and functional programming `apply` family

Examples

- Replacing missing values with NA
- Using a `for` loop
- Using a `function`
